

Stationary List 2026 Grade RRR - RR

Dear Parents,

The following stationery list outlines the items required for each grade. It has been carefully compiled and verified by the class teachers.

We've kept the list as minimal and practical as possible, and kindly request that parents replace items as they are used throughout the year. Please check your child's stationery before the start of each term to ensure they are fully prepared, ready to begin the new academic adventure with enthusiasm and the right tools for learning!

Kindly ensure that all stationery items are properly marked with your child's details.
